

## Moving

The Club has moved from the top Floor down to the middle floor. The old restaurant will now be the club house increasing the floor space from 2300 sq. ft. to over 3300 sq. ft.

The same beautiful view down Island and fewer steps to climb!

A group of ladies, Diane Kreiner, Pattie Phelan, Marni Walters, Lorie Bailey, and Betsy Way have all have been looking at the interior and are rearranging things to better take advantage of the room, and improve the colors to brighten the appearance of the room.

Mario Austin of Budget Rent-A-Car fame is providing the new lights and the installation. Mario feels that the new lights will improve the looks a great deal.

Dee Belshie has spearheaded the major remodeling along with a group of people from in and out of the Club. Many Thanks Dee.

## New Neighbors

These are the folks that the VI Government has retained to take care of the waste plants on STT and STJ. They have recently had their contract renewed for another 3 years and needed an appropriate space to work out of.

Tom and Nancy Ryan are the Owners and Operators of the business and employ 12 people in the offices, and others that monitor and maintain the plants on both Islands. Tom says that the effluent water coming out of the plants is of very high quality and have exceeded the EPA requirements by substantial amounts for the past few years. Welcome from the VIGFC to all of the folks at Viesco!

## Christmas Party

Is coming and Diane Kreiner is chair person of the event which will be held at the fine "Robert's American Grille" at the Elysian Hotel. Invites coming soon! Fun!!!

## NOVEMBER 12, 2006

Win the Chevrolet 4x4 Truck!

Watch the eyes light up when they see this Pick-up.

You can count on a great event and compete with all the serious fishermen on all US VI Islands. See the attached brochure for details on the season wind up fishing event.
